

FINISH COLOR MATCHING:

Different wood species offer unique texture and grain. Minor variations in finish color may occur due to the natural characteristics of wood. Paoli carefully selects all material used in every product insuring a commercially acceptable color and finish.

CUSTOM FINISHES

Custom finishes can be done for an upcharge. A 3" x 3" sample must be sent to customer service for approval and a quote.

VENEER:

Genuine flat sliced slip matched cherry veneers, selectively matched on all surfaces to provide proper consistency.

TOPS:

The Gibraltar top features 3 ply balanced panel construction with an Ogee edge profile. Top thickness 1³/₁₆"

CHASSIS CONSTRUCTION:

All units are reinforced with hardwood cleats and glued to end panels and modesty panels. All base units have adjustable leveling glides to compensate for uneven floor surfaces.

DRAWER CONSTRUCTION:

Four sided, vinyl wrapped box with drawer front attached separately. Drawer fronts are book matched cherry veneer.

DRAWER SUSPENSION:

File drawers utilize a heavy duty full extension metal ball bearing slide for smooth operation. Box drawers operate on full extension slides allowing complete access to the drawer.

FILE DRAWERS:

File drawers ship with a filing system. Letter width file drawers accommodate letter or legal filing.

LOCKING:

Central locking is standard for all desks. Pedestal locking is standard on all credenzas and returns.

DRAWER HARDWARE:

Drawer pulls are English antique brass plated and shipped fully assembled.

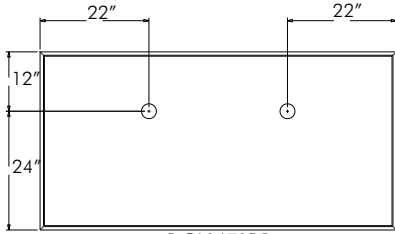

FINISH:

Paoli's multi-step catalyzed varnish utilizes the latest technology. The superior strength of Paoli's tech-age finish provides enhanced stain and mar resistance for lasting beauty and easy maintenance. The Gibraltar series is available in low luster pearl Traditional Cherry, Golden Cherry, Light Cherry, Cordovan Cherry, Mahogany on Cherry, Java Cherry, Shaker Cherry or Natural Cherry. All tops are partially filled for a semi-open pore finish.

Key numbers available for locks are X100T-X125T. Please calculate the total number of locks you need to order. Then calculate how many must be keyed alike. Select the same key number for each of the locks you would like to be keyed alike. For example, if you need 15 locks ordered for your office with five keyed alike for one office and 10 keyed alike for another office, it would look like this: 5 - P-PCMB.X101T, 10 - P-PCMB.X102T
